

Coordination and Administration

The Coordination and Administration Strategy in TRACS is only for Coordination and Administration Grants and/or Projects. While activities undertaken in the other strategies are likely to include administration and coordination tasks, they do not need to be reported in TRACS as they are implied in those other activities.

Standard Objective Example:

Administer 1 project under a grant(s) that includes coordination/administration by 06-30-2020.

Unit of Measure:
of projects

Activity: Project coordination and administrative support, compliance and monitoring
