

Environmental Review

Inter-agency, intra-agency, and non-governmental review of agency and private sector policies, projects and plans (primarily related to development and adverse impacts to natural resources, NEPA documents, Permits, etc.) to help ensure potential impacts to fish and wildlife are avoided, minimized and/or compensated/mitigated (e.g., review of municipal pier development, review of transmission corridor siting).

Standard Objective Example:

Review 1 project/plan by 06-30-2020.

Unit of Measure:
**# of projects/plans
reviewed**

Activity: Review of proposed projects/plans
